Petersbourg, Auguſt 13.

THE laſt Letters from the Congreſs at Niemeroff were dated the 26th of July, at which Time the Plenipotentiaries had already made a Regulation as uſual concerning their Servants Behaviour, but they had not yet begun their Conferences in Form. The laſt Accounts this Court has received from Felt Marſhal Munich, are dated the 22d of July; at the Departure of the Courier, Count Munich was with his Army about 60 Verſts from Oczakow, on the Banks of the River Bog, not being able to proceed yet towards Bender, becauſe the Tartars had deſtroyed all the Forage between the Nieſter and the Bog. This Morning the great Guns of the Citadel and Admiralty were fired on Account of the great Advantages her Czariſh Majeſty's Troops have had this Campaign over the Tartars of Crimea. On the 11th Inſtant a Courier arrived from Felt Marſhal Lacy, giving an Account that the Army under his Command had repaſſed the Gniloe More, in order to return into their former Quarters, not being able to ſubſiſt any longer in the Crimea, which they had entirely laid waſte wherever they paſſed. Laſt Monday a Woman was beheaded, and two Men burnt alive here, being convicted of having ſet a Houſe on Fire which occaſioned the great Conflagration we had laſt in this Town.

Petersbourg, Aug. 16. It is adviſed from Peterhoff, where the Czarina has her Court, that Felt Marſhal Lacy had actually repaſſed the Gniloe More with his Army, after having entirely deſtroyed the greateſt Part of the open Country of the Crimea. They add, that three Turkiſh Men of War, and fourteen Gallies, had prevented the Ruſſian Flotilla from ravaging the Sea Coaſt of Kertch and Kaffa; and that the Flotilla had ſuffered very much by a Storm. Laſt Saturday Night a Courier arrived at Peterhoff with Letters from Niemeroff, dated the 2d Inſtant, by which the Czarina is informed, that there had been great Diſturbances at Conſtantinople, to appeaſe which, ſeveral great Men had been put to Death, and others baniſhed; that the Grand Vizier is depoſed and ſent to the Iſland of Negropont, but his Eſtates were not taken from him; his Kiahaja was ſtrangled, as was alſo the Kiſler Aga, the Grand Signior's chief Favourite. The Seraskier of Bender is made Grand Vizier; he is a Son of a late Grand Vizier who was killed in the laſt Perſian War, and a very enterprizing Man.

Vienna, Aug. 31, *N. S.* A Major arrived two Days ago from Marſhal Seckendorff, who was ſtill with Part of his Army near Niſſa. It is reported now that the Siege of Widdin will be laid aſide for this Year, inſtead of which it is ſaid the Marſhal is to turn at once and come into Boſnia, to make the Siege of Zwornick jointly with Prince Hildburgſhauſen. The Turks have found Means already to throw a Succour of 4000 Men into the Town of Widdin, though it is in a manner blocked up by the Generals Kevenhuller and Wallis. We have confirmed Advice of the depoſing of the Grand Vizier. The Name of his Succeſſor is Mulian Ogli, who was formerly Baſhaw of Boſnia, and is ſaid to be a great Warrior, a good Friend of Bonneval's, whom he has already made a Baſhaw of Three Tails, and it is aſſured they are both already at the Army.

Vienna, Sept. 4, *N. S.* Letters from the Imperial Army relate, that Count Seckendorff had ordered Count Marully, who commands at Belgrade, to provide 40000 Rations of Bread, 20000 Rations of Oats, for 14 Days together, and 3000 Waggons at Zabatz upon the River Save; it is ſaid that Count Kevenhuller and Count Wallis will keep Widdin blockaded, and that General Seckendorff and Prince Hildburgſhauſen will make the Siege of Zwornick in Boſnia, and endeavour to ſubdue that Province entirely, in order to procure Winter Quarters there for the greateſt Part of the Army.

By the Lords Juſtices and Council of Ireland,

A PROCLAMATION.

For regulating the Value of the Gold Coins current in this Kingdom.

Hu. Armach. Wyndham, C. *Hen. Boyle.*

WHereas his Majeſty has been pleaſed to ſignify his Royal Pleaſure, that a Proclamation ſhould Iſſue for regulating the Gold Coins current in this Kingdom, and for that Purpoſe his Majeſty's Order in Council, bearing Date at his Court at Hampton-Court, the Twenty firſt Day of July, One thouſand ſeven hundred and thirty ſeven, has been tranſmitted to us, ſetting forth, that, Whereas the Lord Lieutenant and Council of this Kingdom, have repreſented to his Majeſty, that there is at preſent a great Scarcity of Silver Coin in this Kingdom, occaſioned by Perſons being tempted to carry it out of this Kingdom

dom to make an Advantage thereof; and that the greateſt Part of the Gold Coin current here, is in the Two larger Pieces of Portugal Gold, one of which paſſing for four Pounds, and the other for forty Shillings, great Inconveniencies and Difficulties daily ariſe in the obtaining Change for the ſame; and that there being a Diſproportion between the Value of the ſaid large Pieces, and the leſſer Pieces of Foreign Gold Coin, to the Advantage of the larger, the ſame has occaſioned likewiſe a Scarcity of the leſſer Pieces of Gold Coin, by Means whereof, great Diſtreſs has been brought upon the Trade, and particularly the Linnen Manufacture of this Kingdom; and alſo upon his Majeſty's Forces here: And therefore humbly prayed, that the Gold Coin, both Engliſh and Foreign current here, might be rated at the Quantity of Engliſh Silver they uſually paſs for in England, with an Allowance of ſome ſmall Advantage to the leſſer Pieces.

And whereas the Lords Commiſſioners of his Majeſty's Treaſury (to whom his Majeſty thought proper to refer the Conſideration of the ſaid Repreſentation) have reported to his Majeſty in Council, that they had taken the Opinion of the late Maſter-Worker, and the reſt of the principal Officers of his Majeſty's Mint thereupon, who propoſed that a Reduction ſhould be made in the Value of the Gold Coins current in this Kingdom, at leaſt as low as they are in Great Britain; and that the Diſproportion between the larger and leſſer Pieces ſhould be rectified; which ſaid Propoſal being agreed to by the ſaid Lords Commiſſioners of the Treaſury, and approved of by his Majeſty in Council, his Majeſty has been graciouſly pleaſed, by his ſaid Order in Council, to order, that the following Pieces of Gold Coin current in this Kingdom, do paſs in Payment within this Kingdom, at the Rates herein after reſpectively ſpecified, and that a Proclamation ſhould be iſſued to that Effect.

We therefore the Lords Juſtices and Council, in Obedience to his Majeſty's ſaid Order, do by this our Proclamation publiſh and declare, that the ſeveral Pieces of Gold Coin herein after mentioned, ſhall from and after the Tenth Day of September next, paſs and be accepted in all Receipts and Payments, as well to and from his Majeſty as otherwiſe howſoever, as current Money within this Kingdom, at the ſeveral Rates herein after reſpectively ſpecified, and none other, that is to ſay,

The Guinea at one Pound two Shillings and nine Pence.

And all other Pieces of the ſame Species in Proportion.

The Moydore, weighing ſix Penny-weight Twenty two Grains, at one Pound nine Shillings and three Pence.

The Half Moydore, weighing three Penny-weight eleven Grains, at fourteen Shillings and eight Pence.

The Quarter Moydore, weighing one Penny-weight ſeventeen Grains and an Half, at ſeven Shillings and four Pence.

The Quadruple Piſtole of Gold, or Doubloon, weighing ſeventeen Penny-weight eight Grains, at three Pounds thirteen Shillings.

The Spaniſh or French Double Piſtole of Gold, or the Doubloon or Double Louis d'Or, weighing eight Penny-weight ſixteen Grains, at one Pound ſixteen Shillings and ſix Pence.

The Spaniſh or French Piſtole of Gold, weighing four Penny-weight eight Grains, at eighteen Shillings and three Pence.

The Spaniſh or French half Piſtole of Gold, weighing two Penny-weight four Grains, at nine Shillings and two Pence.

The Spaniſh or French Quarter Piſtole of Gold, weighing one Penny-weight two Grains, at four Shillings and ſeven Pence.

The French Louis d'Or of the new Species, weighing five Penny-weight five Grains, at one Pound two Shillings.

The French Half Louis d'Or of the new Species, proportionably, weighing two Penny-weight fourteen Grains and an Half, at eleven Shillings.

The French Quarter Louis d'Or of the new Species, proportionably, weighing one Penny-weight ſeven Grains and a Quarter, at five Shillings and ſix Pence.

The Piece of new Gold Coin of Portugal, weighing eighteen Penny-weight ten Grains and an Half, at three Pounds ſeventeen Shillings and eight Pence.

The Piece of new Gold Coin of Portugal, weighing nine Penny-weight five Grains and a Quarter, at one Pound eighteen Shillings and ten Pence.

The Piece of new Gold Coin of Portugal, weighing four Penny-weight fourteen Grains and an Half, at nineteen Shillings and ſix Pence.

The Piece of new Gold Coin of Portugal, weighing two Penny-weight ſeven Grains and a Quarter, at nine Shillings and ten Pence.

The Piece of new Gold Coin of Portugal, weighing one Penny-weight three Grains and an Half, at four Shillings and eleven Pence.

And in Caſe any of the aforeſaid Pieces of Foreign Gold ſhall want of the reſpective Weights herein before mentioned, then Allowance is to be given of two Pence for each Grain, one Penny for Half a Grain, and one Half-penny for one Quarter of a Grain ſo wanting in any Piece of the ſaid Foreign Gold Coins, and ſo proportionably for every greater want of Weight in the ſaid Pieces; and in Caſe ſuch Defect of Weight as aforeſaid, ſhall be ſupplied in Manner aforeſaid, then and in ſuch Caſe, every Piece ſo defective in the Weight as aforeſaid, and that Defect of Weight ſo ſupplied as aforeſaid, is to be henceforth allowed, and to paſs as current Money as aforeſaid.

And

And we do hereby declare, that all the aforeſaid Foreign Coins, being ſtanding Weight, are to paſs, and are to be paid and received at the Rates herein above mentioned; and that any ſuch Coins not weighing down the Scales in the Weighing thereof, is not to be any Cauſe for the Refuſal thereof at the Rates herein above mentioned: As alſo, that any Perſon receiving any Money, ſhall receive by what Side of the Scale he pleaſes, if he uſes thoſe of the Payer; and if he uſes his own, then he is to receive by which Side the Payer ſhall think fit to direct.

And it is hereby declared, that the Weights now in Uſe in this Kingdom, and which are agreeable to the Standard remaining with the Clerk of the Council, the Chief Baron of his Majeſty's Court of Exchequer, and the Receiver General of this Kingdom, and no other, except as herein after is mentioned, ſhall continue to be uſed for weighing the ſeveral Sorts of Coin abovementioned, as formerly.

And for the better aſcertaining the Weight of the ſaid Coins, we have directed one Weight of half a Grain, and one Weight of one Quarter of a Grain, to be exactly made by William Archdall of the City of Dublin, Aſſay-Maſter; and that the Standards of ſuch Weights be lodged where the Standards of the other Weights now in Uſe are kept, there to remain, to the End that all Differences that ſhall happen about the ſaid Weights, may be either determined or prevented.

And in Caſe any Perſon or Perſons ſhall either Pay or Receive any of the ſaid Coins by any other Weights than ſuch as ſhall be agreeable to the ſaidStandards, they are to be proceeded againſt according to Law, as Keepers and Uſers of falſe and unlawful Weights.

And we do hereby ſtrictly Charge and Command, that no Perſon, except the ſaid William Archdall, do preſume to make, adjuſt, or ſell any of the ſaid Money Weights to be uſed in this Kingdom, for the future, upon Pain of being proceeded againſt with the utmoſt Severity.

Given at the Council Chamber in Dublin, the Twenty Ninth Day of Auguſt, 1737.
